Rick and Brenda Reese
Team G.E.T.
Colorado Springs, CO

Dear Rick and Brenda:

Linda and I are proud to be growing Surge 365/Vortex/PTN independent business owners and Team G.E.T. partners.

It's under your mentorship and friendship that we have been able to re-direct our careers and our lifestyle.

Last year we were given the challenge to arrange air transportation to Cuba for our church mission team. This included overnight accommodations in Miami, Florida on the outbound and return legs of the trip. Since we were not familiar with planning a group tour to Cuba, we relied on the expertise of our PTN support team, especially Arelli. She handled every detail of the trip, which resulted in a successful and cost-effective mission trip.

As a result, we have been asked to coordinate a much larger mission trip to the Impacto Ministries Bible School and Orphanage in Guatemala, which will be in February 2018. In June I set up a meeting with our church's pastor, the church administrative assistant and the director of missions. We contacted Surge 365, who immediately connected us with the Delta Airlines group sales department. As we outlined the trip (the dates, number of participants, etc.) Surge and Delta proposed a round trip flight from Buffalo to Atlanta to Guatemala City.

To our surprise and delight, Delta offered a two-tier payment schedule with only \$2,000 down (which was paid July 19) and the balance for the 20 participants (approximately \$16,000) due by January 24! This incredible offer allows for additional fund-raising efforts by the Missions Committee and the church.

If this wasn't wonderful enough, Delta called us directly and asked if we would be transporting supplies to the orphanage and mission. We replied that yes, we have medical supplies, books, Bible, cases of peanut butter and special expandable sandals for the children at the orphanage. Delta offered to ship all these supplies at no charge! They will waive the fees for all the supplies going to the charity – this is about a \$1,700 savings! What a blessing!

But this isn't the end of this testimony – I had asked the Mission Committee if they had taken out travel insurance, since they were going to a foreign country, in case there would be any weather or medical emergencies.

Again, Surge to the rescue! Not only do we offer travel insurance, but there was a special for members! So not only was April Allen, the minister in charge of the Missions Committee, covered for \$79 – but everyone she will be traveling with are covered under this umbrella policy! Blessings and blessings!

Linda and I are hosting a Carnival cruise next May in conjunction with The Hope Collection, a non-profit organization that we are affiliated with. Carnival Cruise Corp. has signed on to sponsor the cruise with a donation to Hope for each room booked. Wow!

We appreciate the strength and respect that Surge 365 carries in the marketplace. Our prayer is that our experiences can influence others to step out and explore the great opportunities Surge 365, Vortex and PTN have to offer.

Sincerely,

Ron Claydon
